WHY US

Quality. ADVANAGE Wonder Cleaners are made to exacting manufacturing standards.

Green Product. ADVANAGE Wonder Cleaner has earned the Green Globe Award of Excellence. The award was made by My Green Globe of Washington, Utah a company committed to teaching people and organizations how to be environmentally responsible.

Value. ADVANAGE Wonder Cleaners are concentrated. Users add the water which increases volume. Thus ADVANAGE is more cost-effective than ready-to-use (non-concentrated) competitors.

Performance. ADVANAGE Wonder Cleaners have a superior performance rating. They are used for difficult cleaning situations such as grease and stain removals.

Supplier Diversity. ADVANAGE Wonder Cleaners are made by Austin Diversified Products, Inc., a minority-owned business. We are one of the top MBE cleaning product manufacturing firms in the United States.

Test Results. In independent laboratory tests, ADVANAGE surpassed U.S. government standards for "Ready Biodegradability". In another test for cleaning effectiveness, ADVANAGE scored 96%, far outperforming the brand name retail cleaner which scored only 87%.

SUPPLIER DIVERSITY

Austin Diversified Products is a minority business enterprise (MBE), meets all SBA size standards, and qualifies as a small business.
